

The Center for a Better Life

Tina and Troy Bunnell are very pleased to announce the opening of their new Spiritual Center.

The Center for a Better Life

Over the many years that Tina has trained and in the process changed the lives of thousands of people around the world there was always a question that came after the massage classes were finished and the students graduated.

"Where can we continue to learn what you teach teacher?"

Tina and Troy began to see over the years a new idea take shape in response to this question. Why not provide guidance, training and a place of expression for what people are hungering for? After more than a year of discussion, planning and tuning into source The Center for a Better Life is born.

True to its name the Center is dedicated to providing training, guidance and support for those seekers desiring and willing to manifest a better life for themselves.

Troy will be training in the Toltec Masteries. The Mastery of Awareness, The Mastery of Transformation and The Mastery of Intent.

In addition he will also be training in depth meditation from the basics to advanced processes that are life changing and sustaining.

Tina and Troy are very pleased to announce a new therapy "LifeStream™" that combines energy releasing techniques with physical body work that bring physical and emotional healing to a whole new level. The power of LifeStreaming™ is unique in the world and is based in the agreement and collaboration of the therapist and the person receiving the healing work. We have witnessed life long emotional issues evaporate in 45 minutes. We have witnessed physical body pains gone for good in that same time.

There will be guest speakers from all walks of life and classes for music, drumming and many forms of artistic expression. There will also be in the near future classes that will deal with foods and well being.

We are so excited to finally having the opportunity to share this with all. Please visit the Center's website and see the classes and the dates currently available.

You can purchase your space in the classes in the online store. The Mastery of Awareness must be completed before taking the Mastery of Transformation.

Again thank you all for your years of support and we look forward to our new chapter growing together!

Love and Light

Tina & Troy
