The Toltec's were an ancient society living in Mexico up until seven hundred years ago. They were men and women of knowledge and developed three basic masteries. The Mastery of Awareness, The Mastery of Transformation and The Mastery of Intent.

This wisdom and knowledge has been passed down through the centuries by word of mouth and teachings through various Shamans and men and women of Power.

In recent years modern day teachers have provided training in these masteries like Carlo Castaneda (author of Don Juan) and Don Miguel Ruiz (author of The Four Agreements).

As the world shifts in energy these secrets are becoming available to more and more people. In this workshop we will discuss in an overview what these secrets mean to us today and how they can change our lives forever.
